

STUDENT ACCOMMODATION

If you are planning to live away from home while you study, there are a number of options available to you when it comes to accommodation. If you know what College or University you want to study at, the best person to contact would be the Student Accommodation Officer at your chosen destination. Remember that not all students are eligible to stay at Student Halls as some individuals may be deemed as staying close enough to the University to be able to travel daily.

APPLY TO STAY IN STUDENT HALLS

This is accommodation provided by the University or College. Often these are large blocks that can accommodate hundreds of students. Students will have a locked bedroom (sometimes shared) and will share facilities such as bathroom, kitchen area and also communal leisure areas. The **average** cost of rent per month for Student Halls of Residence is around £380* in Scotland.

RENT FROM A PRIVATE LANDLORD

This is the usual option for students who have stayed at the halls of residence for the initial year of their course and have developed good friendships with fellow students and wish to move on. Prices for private rented accommodation vary greatly depending on the size, location and condition of the property. As a guide though, a 4 bedroom flat in Glasgow would cost 4 students £150* each per month. This is rent only and does not include gas, electricity, TV licence, council tax or any other bills.
